

CELLPRO CALF

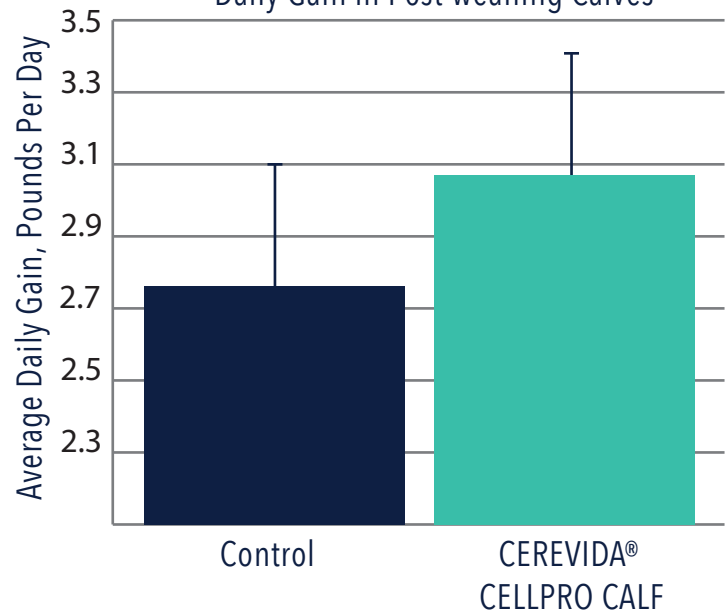

Proprietary blend of three complementary technologies:

- CEREVIDA® LIVE YEST
- CEREVIDA® EXCELL (Soluble Yest Cell Wall)
- PROVIDA® PROBIOTICS

CELLPRO CALF can be incorporated into a pellet.

- Growing calves face a lot of challenges.
- Rumen and intestine are changing rapidly.
- High fermentable carbohydrates in starter & grower rations increases risk for rumen acidosis.

CEREVIDA® CELLPRO CALF Improves Average Daily Gain in Post-weaning Calves

DIGESTION

INTESTINES

RUMEN

A Proprietary Blend of CEREVIDA® Live Yeast, CEREVIDA® Excell (Yeast Cell Wall), and PROVIDA® Probiotics

Contains a source of live, viable naturally occurring microorganisms

- Growing calves face a lot of challenges
- Rumen and intestine are changing rapidly
- High fermentable carbohydrates in starter & grower rations increases risk for rumen acidosis

GUARANTEED ANALYSIS

Dry Matter (min).....92%
 Crude Protein (min).....15%
Saccharomyces cerevisiae...2.8x10¹² CFU/lb
Enterococcus faecium.....2.8x10¹¹ CFU/lb

INGREDIENTS

Yeast extract (*Saccharomyces cerevisiae*), Active dry yeast (*Saccharomyces cerevisiae*), and *Enterococcus faecium* fermentation product

DIRECTIONS FOR USE

Calf Starter: 2-5 pounds per ton of feed

Grower: 1-2 pounds per ton of feed

PACKAGING & STORAGE

Available in 50 lb multi-walled bags (#3014)

Store in a cool dry place. Product has a shelf life of 1 year when stored in original packaging. Keep tightly closed and minimize exposure to air and moisture.
